Diary of a wimpy kid order

Jeff Kinney began writing his most famous work, the series Diary of a Wimpy Kid, back in 2004 (online), before it was published in 2007. The series’ protagonist is a schoolboy named Greg Heffley, who writes about his life and daily struggles in the form of an illustrated diary or journal. The franchise has been adapted in movie form, as well as in the form of a musical, but the core of the series are the books. In this article, we are going to give you the ultimate reading order of the Diary of a Wimpy Kid books. The article is going to be divided into several sections. We are going to answer some questions for you, as well as give you the ultimate chronological reading guide of Kinney’s books. Greg Heffley is one of the most popular characters of modern-day American culture, and he certainly deserves an article dedicated to his (mis)adventures. Editor’s Note: This reading order was updated in November 2023 with the latest release, No Brainer. Diary of a Wimpy Kid was first published in 2007. Since then, a total of 18 books have been published. They are: Diary of a Wimpy Kid (2007) Rodrick Rules (2008) The Last Straw (2009) Dog Days (2009) The Ugly Truth (2010) Cabin Fever (2011) The Third Wheel (2012) Hard Luck (2012) The Long Haul (2014) Old School (2015) Double Down (2016) The Getaway (2017) The Meltdown (2018) Wrecking Ball (2019) The Deep End (2020) Big Shot (2021) Diper Overlode (2022) No Brainer (2023) In this section, we are going to order the Diary of a Wimpy Kid books in the way that we think they should be read. Since they’re mostly standalone episodes from Greg’s life, luckily for you, the reading order is the same as the publication order, so you won’t have too much trouble finding your way around the pages. Twelve-year-old Greg faces the challenges of being an older brother, dealing with his quirky family, supporting a friend, navigating issues with girls, and feeling misunderstood by his parents. His life takes a new turn when his mother gives him a diary, which Greg humorously renames as a journal. Greg finds going back to school as almost good news after a horrible vacation, but there’s one event he wishes to forget. However, his older brother Rodrick knows all the details and plans to use it as leverage to blackmail Greg. Mr. Heffley is determined to toughen up his son, Greg, enrolling him in manly activities like football and scouts. Faced with the threat of being sent to a military camp for the summer, Greg realizes he must straighten up to avoid marching in step. While everyone else enjoys summer outdoors, Greg Heffley prefers the perfect summer indoors, free of responsibilities and rules, glued to his video game console. However, his mother has different plans for the perfect summer, involving family and outdoor activities, leading to a clash of preferences. Greg navigates the challenges of adolescence, dealing with the scrutiny of girls, teasing from boys, new responsibilities, and the inevitable changes that come with growing up. Facing these issues without his best friend, Robert, Greg wonders if he can escape unscathed or if he’ll have to confront the “horrible truth” that affects boys his age. Greg faces boredom and the need to improve his behavior to secure a Christmas present. As he envies friends who don’t celebrate the holiday, Susan buys a frightening toy, adding to his woes. When Greg invites his friend Robert over, they engage in a playful argument about the spelling of a sport. Despite their differences, the following day, Robert attends church with the Heffleys, creating an awkward situation for Susan and Greg. Greg reflects on his childhood learning challenges and notes that his mother seems to approach parenting differently with his brother Manny. A family night is interrupted when Uncle Gary arrives. Gary’s failed T-shirt business leads him to stay with his brother Frank’s family, causing annoyance. Meanwhile, Greg learns about the upcoming school ball and manages to avoid being paired with Ruby Loiseau. When three boys, including Greg, are left without dates, they consider teaming up. Despite Greg’s suggestion, another student is elected to the board. Greg feels lonely since Robert and Abigail are in a relationship. Susan’s popularity advice doesn’t help, and a friendship scheme at school doesn’t interest him. Greg attempts to make a new friend, Freddy, but the outcome is not as expected. As Easter and Spring Break approach, Greg discusses his mother’s sisters, each with different personalities, and expresses disapproval of the party location at his grandmother’s house. The story unfolds in June as Greg and his brothers enjoy watching TV until their mother, Susan, surprises them with a family trip. The car ride starts off rocky with games, Spanish cassettes, and a slightly unsettling toy. They encounter challenges, including a motel dinner and water issues at a swimming pool. The journey introduces “The Hairy Family,” leading to various problems for Greg and Rodrick. Greg reflects on the past and Susan’s desire to start a petition for a two-day electricity blackout, which he and Rodrick try to avoid acknowledging. He shares anecdotes about his father’s childhood, emphasizing outdoor play with friends. Additionally, the family’s pig learns to walk. Greg faces the consequences for an unintentional disaster during a concert and is punished by his father, Frank. To avoid further trouble, Greg and his friend Robert decide to make a horror film, inadvertently using the tape of Manny’s first steps. Susan discovers the mishap, but Greg manages to escape major consequences by doing chores, while Robert unintentionally becomes a celebrity. The story unfolds in December as Susan and Frank decide to take a tropical trip for the holidays, accompanied by Greg and his brothers. While Greg is less enthusiastic, the journey begins on a challenging note, with disruptions during the flight. Despite Frank’s first-class privileges due to his profession, Greg doesn’t fully enjoy the trip. Greg, unlike others, doesn’t appreciate the unusually warm winter weather. He attributes global warming to human actions. His poorly done geography project on Malta results in a conflict between two countries, leading him to redo the assignment. Additionally, Susan enforces a weekend screen confiscation policy. Greg and Susan host a flea market, and Greg asks Robert for a favor, leading to a misunderstanding. The family attends the wrong funeral for Greg’s great aunt Reba. During a dinner conversation about inheritance, Greg suggests everyone having their own space, but Frank has different plans and wants to empower his sons, prompting disagreements. The Heffleys, living with Greg’s grandmother due to home damage, embark on a camping trip in Gary’s camper van. Initially, the trip is challenging, but they find a public square where Greg connects with other children, including one who seems to be the leader. Greg aims to win his class’s sports day, so he asks his father, Frank, to let him work out at the gym. However, Greg misunderstands the gym equipment. Surprisingly, the grand prize for the sports day goes to the ladies in the canteen, leading to a day off for everyone as an act of fairness. Greg contemplates the challenges of fame and decides to befriend a potential celebrity. After unsuccessful attempts with his friend Rowley, Greg seizes the opportunity to use his brother Rodrick’s band, Lóded Diper, to achieve fame through the annual Battle of the Bands, inspired by Rodrick’s admiration for Metallichihuahua, a band that won the competition in the past. In No Brainer, the 18th book in the Diary of a Wimpy Kid series by Jeff Kinney, Greg takes on the challenge of saving his failing school from closure. Facing the impending threat of shutdown, Greg must navigate the complexities of middle school to prevent its closure. You should definitely start with the first book so that you can get to know the characters and everything else, but after that, you can approach the books as you please. There is no specific reading order for the books, so you should just read them as they have been published, but if you mix it up a bit along the way, there won’t be any problems. Following the publishing of the latest book in the series No Brainer Kinney stated that he will keep writing books as long as kids love reading them, so yes, there will be more Diary of a Wimpy Kid books. Have something to add? Let us know in the comments below! Jeff Kinney is the #1 USA Today, New York Times, and Wall Street Journal bestselling author of the Diary of a Wimpy Kid series and a six-time Nickelodeon Kids’ Choice Award winner for Favorite Book. The Meltdown, book 13, was published in October 2018, and was a #1 bestselling book. Diary of an Awesome Friendly Kid: Rowley Jefferson’s Journal, was published in April 2019. He spent his childhood in the Washington, D.C., area and moved to New England in 1995. Jeff lives with his wife and two sons in Massachusetts, where they own a bookstore. An Unlikely Story. Soon to be a Netflix Original series! The New York Times and USA Today bestselling series, with over two million copies in print! “Terrifyingly fun! Delivers big thrills and even bigger laughs.” –Jeff Kinney, author of the #1 New York Times bestseller Diary of a Wimpy Kid Ever since the monster apocalypse hit town, average thirteen year old Jack Sullivan has been living in his tree house, which he’s armed to the teeth with catapults and a moat, not to mention video games and an endless supply of Oreos and Mountain Dew scavenged from abandoned stores. But Jack alone is no match for the hordes of Zombies and Winged Wretches and Vine Thingies, and especially not for the eerily intelligent monster known only as Blarg. So Jack builds a team: his dorky best friend, Quint; the reformed middle school bully, Dirk; Jack’s loyal pet monster, Rover; and Jack’s crush, June. With their help, Jack is going to slay Blarg, achieve the ultimate Feat of Apocalyptic Success, and be average no longer! Can he do it? Told in a mixture of text and black-and-white illustration, this is the perfect book for any kid who’s ever dreamed of starring in his or her own comic book or video game. And then grab the rest of the series, now a New York Times bestseller! Boys don’t keep diaries—or do they? The launch of an exciting and innovatively illustrated new series narrated by an unforgettable kid every family can relate to It’s a new school year, and Greg Heffley finds himself thrust into middle school, where undersized wealkings share the hallways with kids who are taller, meaner, and already shaving. The hazards of growing up before you’re ready are uniquely revealed through words and drawings as Greg records them in his diary. In book one of this debut series, Greg is happy to have Rowley, his sidekick, along for the ride. But when Rowley’s star starts to rise, Greg tries to use his best friend’s newfound popularity to his own advantage, kicking off a chain of events that will test their friendship in hilarious fashion. Author/illustrator Jeff Kinney recalls the growing pains of school life and introduces a new kind of hero who epitomizes the challenges of being a kid. As Greg says in his diary, “Just don’t expect me to be all ‘Dear Diary’ this and ‘Dear Diary’ that.” Luckily for us, what Greg Heffley says he won’t do and what he actually does are two very different things. Since its launch in May 2004 on Funbrain.com, the Web version of Diary of a Wimpy Kid has been viewed by 20 million unique online readers. This year, it is averaging 70,000 readers a day. Book links take you to Amazon. As an Amazon Associate I earn money from qualifying purchases. This was the book by Jeff Kinney that was to spawn an entire industry surrounding it. Originally brought out in 2004, it first appeared upon FunBrain.com to much acclaim, as it quickly grew into being the most popular feature on the site. This quickly led to it becoming a book all of its own, as subsequent sequels and follow-ups were quickly written. At first it was going to be a book for adults, but it quickly transformed into the children’s book that many now enjoy today. With a series of films brought out based on it too, it shows no signs of stopping anytime soon. Kinney continues to write, as the surrounding franchise brings out a large quantity of merchandise in its wake. Using satirical humor and easily relatable characters, it’s easy to see why it’s appealed to so many with its unique take on growing up and school and family life. Diary of a Wimpy Kid: Diary of a Wimpy Kid Originally published in 2004 on the 1st of January, this was to be the book from Jeff Kinney that started it all. Building the basis for not just the series, but the film franchise as well, it helped to establish the main chief protagonist. Taking a look at the school days of one Greg Heffley, it charts his progress throughout school, as seen through his eyes. In the start of this richly illustrated series, the readers are introduced to the character of Greg Heffley, the young protagonist who finds himself beginning middle school for the first time. As he first steps into this new world he discovers a whole collection of new people in what seems to be a sink or swim environment. With older boys who already appear to be shaving, this young boy finds he has his work cut out for him as he faces up to the various tougher boys who challenge him on a more than regular basis. During this time he takes it upon himself to chart his progress here recording all the events and goings on that befall him within his diary. With his best friend Rowley at his side, he aims to overcome the everyday ordeals of growing up and getting through school, as he traverses the everyday happenings there. It soon transpires though that his best-friend Rowley is gaining some much sought after popularity of his own, as the other kids begin to recognize him about the school. This soon leads to Greg thinking he can use this to his advantage, which manages to potentially cause a rift between them both threatening to tear their relationship apart. Through a hilarious sequence of events that follows, they both try to make amends with each other and their new-found statuses in life. Using his quick wits and sense of humor, he narrates what occurs in his own nimitable fashion within the pages of the diary and to the audience as they read it. Whilst he tries to keep his head above water, he’s constantly finding new challenges to surprise both him and the audience, along with the fun sketches he uses to illustrate his various points throughout the writing of the diary. Will Greg Heffley be able to get through school keeping his sanity and good humor intact? Can he overcome the various obstacles presented to him and his friends as and when they are presented to him? What will become of them all as he keeps watch with his diary of a wimpy kid? Diary of a Wimpy Kid: Rodrick Rules The sequel to the first, this book followed directly on from the previous novel charting the next stages in Greg’s life. Initially published in 2008 on the first of February, it saw Kinney seeking to continue the story of his ever resourceful protagonist. This was also to have a film made of it, as it reached the top of the bestseller list as well. After arriving back from his summer vacation, it appears that Greg Heffley is a little worse for wears. With secrets potentially getting out through his diary being revealed, he may have a lot more to contend with this year than simply just starting a new school. Not wanting to talk about his summer vacation and how he spent it, Greg just wants to get back and get on with things. There is one event in particular that he’d especially like to put behind him during the course of the following school year, one specific event that happened over the summer. It’s unfortunate for Greg then that Rodrick, the older brother to Greg, knows his secret and especially knows how much he wants to keep it hidden at all costs. Whilst keeping his secret hidden, he almost must traverse the pitfalls of girls, the ever looming talent show and the other various obstacles that come his way. In a light-hearted and ever irreverent take on school life, this sequel book once again charts the trouble with school life and growing up in ever relatable fashion. The general humorous tone a breezy illustrations throughout exemplify this for both the young and the old, who want to look back to those days. Clearly displaying something for everyone, it provides its story in an easily accessible manner as it shows what’s happening clearly through the eyes of Greg, as well as those around him. With each character building their own distinctive ares, it enables people to come back for more finding something different each time. Will he be able to get through another year, all whilst maintaining the integrity of his secret that he so desperately wants to hide? Can he manage to keep himself from going crazy amidst it all? Just what is the secret that he wants to keep hidden that means his older brother Rodrick rules? The Diary of a Wimpy Kid As the films draw to a close, so too do the book series they were based upon. Having provided children with a funny take on school life for years to come, these leave a strong legacy behind them. With this franchise not looking to disappear anytime soon, it appears that they will stay relavent for a while yet.
