Master Remote for These Lasko Fans (Models list 1)Remotes Remade Image not available forColor: To view this video download Flash Player Use this bar to show information about your cookie policy. Nothing Nothing but trouble. I paid 12.95 for quick delivery and it took almost 3!weeks. I do not recommend anyone to order from this company. They lie. A little more info on the dip switches please Received the remote in a timely manor. However when I tried to use it it didn't work. Then I saw the dip switches and matched them to the configuration of the old remote. Works well now Worked right away We lost our remote and bought this replacement. Had to put in a battery and thankfully we had one. But it worked gotr our ceiling fan right away! Just pointed at it and it worked. However, ours looked different than pictured. It was all grey, no orange. It also came with a holder to screw into the wall! It's fine Looks and works just like the Hunter original. This remote was the exactly as my original one. Easy to pair with my fan. Received as and on date promised. Very satisfied.
